Employment & Previous Experience

Since 1994 I was based in East London, where I was employed as a teacher by three Primary Education Schools within the London Boroughs of Newham and Hackney. My subject specialisms were Art, Music and Drama.

Other main roles within these schools were as *Special Educational Needs Curriculum Coordinator* (Cleves Primary School, London Borough of Newham) and *Coordinator/Manager of provision for pupils with behavioral difficulties*, (Drew Primary School, London Borough of Newham.) Stemming from these roles I have also undertaken various projects as a freelance art teacher.

I continue to work as a Primary School Teacher in Cardiff, in conjunction with my ceramics practice; with each role creatively and philosophically informing the other.
